Dear Friends,

My family and I take this opportunity to welcome you to our 29th Annual "Bulls and More" sale. We have been blessed to be able to present our offering of good bulls and females for many years and could not have done so without the support of our many wonderful customers. We thank you for your continued trust in our program.

The cattle coming to you this year have had everything weatherwise thrown at them. We experienced a severely dry and hot summer and fall. This led to lighter weaning weights causing us to have to play catch up all winter. Then we were hit with some of the coldest January weather in years followed by a week of rain as I write this letter so mud is going to be tough. The bulls have responded well and are being fed a ration that contains no added corn to the silage. They will not be overly finished and should go out and perform well for you.

We are at a point in the cattle cycle where numbers are down and prices should remain strong for some time. I believe it is an excellent time to build our herds based on sound genetics and we have cow families that have proven themselves here for more than 50 years. Come join us on Saturday, March 2, 2024 at 12:30 PM here at the farm and pick out your next herd additions. A good lunch will be served so come early and enjoy the food, fellowship and good cattle. Call us or come by at any time and we'll be glad to visit with you.

Sincerely,

Larry Patterson

Peyton Pruett

Bull Guarantee

All bulls are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull. Please notify us as soon as possible when an injury occurs and prior to the injured bull being sold for salvage. Credit for the amount of purchase, less the salvage value, will be given at next year's sale. This guarantee does not include death loss. Mortality insurance will be available sale day.
